Crafting an Indelible Experience.

Our brand journey began with a homegrown passion for the finest textile of all history. We at Live Linen culminate in the making of a brand that redefines a subtle luxury and its fascinating meaning among people and relates with them at their best. Likewise, we aspire to bring forward eminent love for slow fashion with conscious approaches.

100% Linen

Our made-to-order brand offers a Home Collection featuring elegant essentials and a Garments Collection with timeless linen wear for men and women. Crafted from 100% pure European linen, each piece reflects slow fashion and artisanal passion.
